

DIRK LEAVESLEY

Candidate for Seven Oaks School Trustee

To Whom It May Concern,

I am proud to endorse **Dirk Leavesley** for the position of Seven Oaks School Trustee.

I have had the privilege of working alongside Dirk in the Maples basketball program for well over a decade. Over those years, I have watched him volunteer countless hours with our **JV Boys, Varsity Boys, and JV Girls basketball teams**, giving his time and energy simply because he believes in our students and our school community.

What makes Dirk stand out is that his commitment goes far beyond basketball.

Dirk genuinely cares about kids. He expects a lot from them, sets high standards, and challenges them to become better — but he does so while treating every student with respect, patience, and compassion. He understands that young people need adults who will hold them accountable while also making them feel supported and valued.

I have also seen firsthand the respect Dirk has for the people he works alongside. He treats coaches, students, parents, and colleagues with the same level of dignity and consideration. He is dependable, hardworking, and willing to put in the time necessary to make things better.

That commitment is exactly what I believe a school trustee should bring to the position.

A trustee needs to understand that **schools are about people first**. They need to listen, they need to care about the experiences of students and families, and they need to be willing to work hard on behalf of their community. Dirk has demonstrated those qualities consistently through his years of service at Maples.

For more than a decade, Dirk has chosen to give back to our school community without expecting anything in return. He has been there in the gym, on the sidelines, and behind the scenes — contributing his time because he believes our students deserve people who are willing to invest in them.

That tells me a great deal about the kind of trustee he would be.

I have no hesitation in recommending Dirk Leavesley for Seven Oaks School Trustee. I believe he would bring **integrity, dedication, high standards, compassion, and a genuine student-first perspective** to the role.

Most importantly, I know that when Dirk commits to something, **he shows up and he cares.**

I am proud to support his candidacy and strongly encourage the Seven Oaks community to consider Dirk Leavesley for School Trustee.

Sincerely,

Scott Kirkpatrick

Teacher & Varsity Boys Basketball Coach
